Safety Instructions:

- Wear safety goggles when working with chemicals, strong light or when eye catchers, splashes or dust particles could be dangerous.
- The goggles do not provide protection against strong impacts or chemical gases; appropriate protective equipment must be provided.
- Make sure that the safety goggles are positioned correctly to ensure the best possible protection.
- Keep the safety goggles clean to ensure clear vision and do not use any chemical cleaning agents that could damage the lens surface.
- The goggles are not intended for use in extreme temperature conditions and should be stored in a dry, cool place.
- Check the safety goggles regularly for cracks or damage and replace them if there are any visible defects.
- The goggles must not be used independently at a location not intended for this purpose.
- Keep the glasses out of the reach of children to avoid accidental injury.
- The glasses are suitable for use in environments with UV exposure.
