Safety Instructions:

- Always wear suitable safety goggles when you are in areas with potential eye hazards.
- Regularly check the integrity and condition of the safety spectacles for cracks or visible damage and replace them if necessary.
- Clean the lenses with a suitable cleaning agent, avoid aggressive chemicals that could damage the coating or materials.
- Store the safety goggles in a cool, dry place to prolong their service life.
- Make sure that the goggles fit well and leave no gaps through which hazardous substances can penetrate.
- Safety goggles do not provide protection against all risks; use them in combination with other personal protective equipment if necessary.
