Safety Instructions:

- Always wear the welding goggles while welding to protect your eyes.
- Make sure that the glasses fit properly and that there are no gaps to prevent harmful light from entering.
- Regularly check the condition of the glasses for cracks or damage and replace them if necessary.
- Do not use the goggles for applications other than those intended, especially in combination with other harmful chemical substances or hazardous conditions.
- Keep the glasses out of the reach of children to prevent misuse or improper use.
