Article Numbers: 708798, 708797, 708796, 708795

Safety Instructions:

- There is a risk of injury from heavy lids if used incorrectly. Ensure that the manhole cover lifter is positioned stably on the floor to prevent injuries when lifting and slipping.
- Avoid contact with sharp edges; use protective gloves to prevent injuries to hands and fingers.
- The product must not be used near children; it is not suitable for children under 3 years of age and requires adult supervision to minimise the risk of injury.
- Wear suitable personal protective equipment such as gloves and sturdy shoes during use and read the operating instructions carefully.
- Avoid outdoor use in poor weather conditions to prevent slipping and injury, and ensure a secure footing to minimise the risk of tipping over.
- Do not store the manhole cover lifter in a damp environment to prevent corrosion, even with galvanised products.
- Do not use if the product is damaged in order to avoid risks.
