Article Numbers: 709043, 709042, 709040, 709039, 709038, 709037, 709035, 709034

Safety Instructions:

- VDE insulation in accordance with IEC 60900 guarantees protection when working under voltage of up to 1000 volts.
- Ergonomic SoftFinish® handle ensures a secure grip and comfort as well as reducing hand fatigue.
- High-quality CV steel to DIN 3125 for durability and resistance.
- The tool should be kept out of the reach of children.
- Use only by trained persons or qualified personnel recommended, especially when working on live parts.
- Avoid contact with water or damp environments, as this could impair the insulation.
- Check the tool for visible damage or wear before each use.
- Use suitable protective equipment such as protective gloves and safety goggles when working.
- Ensure that the work area is free of distractions and that the tool is only used for its intended purpose.
- Do not use the product on live parts that are not de-energised.
- Store in a dry place to avoid material wear.
