Article Numbers: 708768, 708761, 708760, 708758, 708756

Safety Instructions:

- Due to the special design of the pliers, there is a risk of crushing and injury from improper use. Observe finger protection: Keep your fingers away to avoid injury.
- The pliers are not suitable for use by children. Please keep away from the workplace and out of the reach of children.
- Abrupt movements may occur when applying force. If necessary, ask for assistance if more force is required.
- The pliers should not be used on electrical components in order to avoid the risk of electric shock.
- Only use the pliers for their intended purpose in accordance with the instructions to avoid damage and injury. Do not use for electrical work.
- Check the pliers for damage and wear before each use. Do not use them if they are damaged.
- Wear suitable protective equipment when using the pliers, especially gloves and safety goggles, to avoid injury.
- Use suitable protective measures to avoid injury from sharp edges.
- Secure the pliers on firm surfaces and ensure that the workpiece is securely fixed to prevent it from slipping.
- Take care not to load the pliers beyond the recommended clamping width of 60 mm to prevent them from breaking or slipping.
- Use only in accordance with the operating instructions. Avoid contact with water and oily substances, as this can impair the grip.
