Safety Instructions:

- Only use the pliers for their intended purpose.
- Ensure that the pliers are checked for damage before use.
- Wear suitable protective gloves to avoid injury to your hands.
- Avoid contact with chemical substances during use.
- The pliers must not be used for electrically conductive materials.
- Keep the pliers out of the reach of children.
- After use, store the pliers in a safe and dry place.
- Secure the pliers before use to avoid injury.
- Keep hands and other parts of the body away from the moving parts of the pliers.
- Avoid excessive pressure to prevent the tool from breaking.
- Observe the maximum span width of 22 mm and the suitable pipe sizes.
