Safety Instructions:

- Suitable for indoor use only; do not use outdoors.
- Only use the product in accordance with the installation instructions; follow the simple installation instructions and fix correctly.
- Avoid contact with water and moisture.
- Attach the display case securely to the wall to prevent it from tipping over.
- Open the door carefully to avoid damage.
- Protect the safety glass from knocks and blows to avoid the risk of breakage. Sharp edges can occur in the event of breakage, so make sure that the glass surfaces are undamaged.
- Keep the product away from children and supervise them when playing nearby to avoid injury.
- Regularly check the condition of the display case and carry out any necessary maintenance, especially on the rear panel and sliding door.
- In the event of damage, carry out repairs immediately or take the product out of circulation.
- The use complies with fire protection regulations B1 according to DIN 4102-1, suitable for public areas.
- The rounded aluminium frame minimises the risk of injury; check regularly for damage. Observe radius R14.
- The roller-hinged sliding door should only be closed with the cylinder lock to prevent unauthorised access.
