Safety Instructions:

- Prevention of breakage and injuries due to improper handling of the ESG safety glass.
- Only lock doors with the cylinder lock provided to prevent unauthorised access.
- Ensure that the display case is correctly mounted on the wall to prevent it from falling over and the risk of falling.
- Keep small parts and accessories away from children to avoid the risk of choking.
- Read the installation instructions carefully before starting the installation to ensure stability.
- Ensure child safety aspects when used in schools.
- Be aware of the risk of injury from improper use of the revolving doors.
- Only use display cases indoors to guarantee protection of the materials.
- To ensure stability, do not load the display case with excessive weights.
- The edges of the frame can be sharp; take care when fitting and opening the doors.
- Keep the display case away from direct sunlight to prevent discolouration of the contents.
- Secure all notices to prevent them from falling down in the event of unauthorised opening.
