Safety Instructions:

- Ensure that the machine stretch film is not torn or twisted during handling.
- Avoid long-term contact with the skin to prevent possible skin irritation.
- Keep film away from children to avoid risk of suffocation due to inhalation or ingestion.
- When using machine winders, follow the operating instructions to avoid the risk of injury.
- Do not store the film near heat sources or open flames, as it may be flammable.
- Only use the stretch film for the intended applications.
- There is a risk of cuts and crushing if handled incorrectly.
- The film should not be stored at high temperatures in order not to impair its quality.
