Safety Instructions:

- The fireproof waste bin should not catch fire and should be kept away from naked flames and heat sources.
- Children should not use the rubbish bin and they should not have access to it to avoid injury.
- Take care when opening the lid, as the mechanism can cause injury if it springs open too quickly; do not open if the lid is jammed.
- Aluminium can have sharp edges. Be aware of the risk of injury.
- Avoid covering the waste bin to ensure adequate ventilation and follow the instructions for safe handling of the waste bin.
- The outdoor use of the waste bin should take into account the weather conditions.
- Make sure that no flammable materials get into the waste bin to avoid the risk of burns.
- The safety instructions and instructions for use should be provided to consumers in plain language.
- Risk of suffocation due to improper use of the waste bin.
