Please note the technical data of the products!

Article Numbers: 663223, 663221

Safety Instructions:

- The product should be placed on a stable and secure surface to prevent it from tipping over, especially when used in public areas.
- Avoid overloading the waste bins to prevent overflowing or clogging.
- Regular maintenance and inspection of the mobile/movable parts is necessary to ensure proper function.
- Care should be taken when handling the edges and corners of the multi-level waste separation unit, as these could be sharp.
- Avoid use in extreme weather conditions to prevent material damage.
- Galvanised steel product has no sharp edges; however, care should be taken to avoid injury from improper use.
- Ensure that children do not have access to loose, smaller components, as these can come loose.
