Please note the technical data of the products!

Article Numbers: 500875, 500874, 500873, 500872

Safety Instructions:

- To ensure stability and safety, the box should not be loaded above the permitted load capacity of 30 kg. Alternatively, there are variants with a maximum load capacity of 40 kg, which must not be exceeded for heavy objects and heavy transport.
- The carton should not be handled or damaged with sharp objects and must be protected from sharp objects to prevent damage or injury.
- Only use the box for its intended purpose to ensure safety.
- The box must not be used by children without supervision and is not suitable for children under 3 years of age as there is a choking hazard due to small parts.
- The box should not be stored in a damp environment to avoid material damage.
- Follow instructions for safe transport. Carry the box with both handles for extra stability and use reinforced handles or the double handle system to avoid crushing and cutting injuries.
- Adhesive tapes are not necessary to assemble the box stably, which increases safety.
