Safety Instructions:

- Do not look directly into the beam of the UV-C light to avoid eye injuries.
- Please ensure that the air purifier is only operated in the presence of persons who are informed about its use.
- Carry out regular maintenance and replacement of the UVC lamp in accordance with the manufacturer's instructions.
- Do not use the appliance in damp environments or near water sources.
- Ensure that the appliance is stable to prevent it from tipping over and causing injury.
- Do not overload the power supply unit and replace defective cables immediately to minimise the risk of electric shock.
