Safety Instructions:

- Make sure that the table is placed on a stable, level surface to prevent it from tipping over.
- Avoid loading the table beyond the limits of its intended use and pay attention to the maximum weight limit.
- Please remember to keep sharp objects away from the table top to avoid scratches.
- When assembling the table, the manufacturer's instructions should be followed exactly and the screws and bolts supplied should be used to ensure stability and avoid injury.
- The table should be regularly checked for stability and maintained to avoid safety risks.
- To avoid damage, do not remove the table from its intended environment.
- Take care if the table is handled incorrectly, as there is a risk of injury, particularly from sharp edges.
- The table is not suitable for use by children without adult supervision and should be kept out of their reach.
- Make sure to check the levelling screws regularly and adjust them if necessary to ensure stability and prevent falls.
- Only use the table in accordance with the intended specifications and instructions to avoid damage or safety risks.
- Clean the table surface regularly with suitable cleaning agents to prevent damage to the melamine resin coating.
- Keep small parts and accessories away from children to avoid the risk of choking.
- Adjust the adjustable feet to the correct height before use to avoid wobbling.
