Safety Instructions:

- The maximum load capacity of 750 kg must not be exceeded in order to avoid damage or danger.
- Only load drawers up to the maximum load capacity of 80 kg to prevent damage.
- Safe handling when locking: Only use doors and drawers when they are closed.
- Observe ESD protection: When carrying out electrical work, take suitable measures to avoid static discharge.
- Anchor the workbench firmly to the floor to prevent it from tipping over.
- Do not use in damp or wet areas to avoid corrosion.
- Wear personal protective equipment such as gloves and safety goggles when operating.
- Check the drawer mechanism and lock regularly for proper functioning.
- Always supervise children during use to avoid injury.
- Avoid aggressive chemicals and solvents on the work surface to prevent damage.
- Read and follow the safety and installation instructions before use.
- Only use the workbench for its intended purpose and do not use it as a ladder.
