Safety Instructions:

- Before use, ensure that the case is properly closed and tensioned to prevent unintentional opening.
- To ensure safe handling, do not exceed the maximum permitted load of 35 kg.
- Avoid exposing the case to extreme temperatures (-30°C to +80°C) to prevent material damage.
- The case housing is not protected against chemical substances - observe precautionary measures during storage.
- Check the case housing regularly for cracks or damage, especially after transport or use.
- Choking hazard due to small parts or improper use.
- Risk of electric shock from electrical components if handled incorrectly.
- Avoid cutting or crushing by sharp tools in the case.
- Serious injuries due to improper transport (maximum weight 35 kg).
- Risk of injury from moving parts if opened or closed incorrectly.
