Please note the technical data of the products!

Article Numbers: 733686, 733684, 733683, 733682, 733681, 733680, 733678, 733677

Safety Instructions:

- Wear eye protection and suitable personal protective equipment (e.g. safety goggles, ear protection, protective gloves) during work.
- Ensure the correct power supply and insulation for electrical tools.
- Wear suitable protection (e.g. safety goggles, respirator mask) against dust, chips and abrasion.
- Keep hammers and drills away from children.
- Ensure that the drill is properly mounted and securely fixed to minimise the risk of injury.
- Keep the working environment clean and free of obstacles.
- Avoid overloading the drill.
- Avoid drilling near electrical cables.
- Check tools for wear or damage before use.
- When using the hammer, be aware of the risk of injury from the sharp edges and tip.
- Safe handling and use of the correct equipment to minimise the risk of overheating and breakage.
- Ensure that the hammer drill bit is properly secured using the SDS-plus system.
- Ensure that the workpiece is stable and correctly fixed to prevent injuries from flying parts.
- Avoid use in the vicinity of uninvolved persons.
