### Safety Instructions:

- Always wear safety goggles and hearing protection when working.
- Wear safety goggles and gloves when handling the saw blade.
- Only use the circular saw blade with suitable machines in accordance with the manufacturer's instructions.
- Keep the product out of the reach of children or unauthorised persons and keep it away during operation.
- Ensure that the saw blade is correctly mounted and secured to prevent accidents.
- Check the tool for cracks or wear before use and replace it if necessary.
- Make sure that the workpiece is firmly secured to prevent it from slipping.
- Keep the work area clean and free of obstacles.
- Always keep hands away from the cutting edge and do not stand directly behind the saw during operation.
- Avoid improper use, read and follow the operating instructions.
- Only use the saw blade for the specified materials and not for damp types of wood.
- Use suitable safety equipment such as eye protection and gloves when sawing.
- The product is not suitable for children and there is a choking hazard due to small parts.
