Article Numbers: 734704, 734703, 734702, 734701, 734700, 733757, 733756, 733755, 733754, 733753, 733752, 733751, 733750, 733749, 733748, 733747, 733746

Safety Instructions:

- Always wear suitable personal protective equipment such as safety goggles, hearing protection and gloves during use.
- Keep hands and body parts away from the saw blade and the cutting line to avoid cutting injuries.
- Only use the circular saw with suitable machines and in accordance with the manufacturer's instructions.
- Check the saw blade for damage or wear before each use and replace if necessary.
- Ensure that the saw blade is correctly fitted and tightened before using the machine.
- Children should not be in the vicinity during operation. The product is not suitable for children and there is a risk of injury due to improper use.
- Safe storage of the saw blade out of the reach of children is necessary to prevent accidents.
- The machine must be switched off before changing the saw blade.
- Do not use for materials other than the intended wood-based materials.
- Only use when the safety system is switched on and ensure that the machine is mounted stably.
- Observe the general safety precautions for electrical appliances and especially for woodworking.
- The correct protective clothing is essential when handling the circular saw.
- Do not overload the product and observe the maximum recommended cutting depth.
- In case of insufficient knowledge or training, use should be carried out by qualified personnel.
- Do not use the saw blade without appropriate protective devices.
- Read all safety and operating instructions carefully before use.
- Keep the work area clear of other people to avoid injury.
