### Safety Instructions:

- Always exercise caution when handling the saw blade to avoid injury.
- Only use the saw blade in suitable machines.
- Ensure that the saw blade is correctly installed and the machine is in good working order before starting work.
- Wear safety goggles and hearing protection to protect your eyes and ears.
- Keep hands, clothing and body away from the edge of the saw blade to avoid injury.
- Do not work with a damaged or worn blade, check regularly for damage or wear.
- Do not leave the saw unattended during operation and ensure that only authorised persons are in the working area.
- Keep out of the reach of children as there is a risk of suffocation.
- When using near water, take care to prevent electric shocks.
- Read the operating instructions carefully and follow them to avoid dangerous situations.
- Wear protective equipment such as safety goggles and hearing protection during use.
- Store the product safely after use and protect it from improper handling.
- Use only for the intended applications and use suitable wood material without metallic parts.
- Wear gloves to avoid cuts.
