Safety Instructions:

- Wear safety goggles to avoid eye injuries from splinters, falling parts or splashes.
- Use hearing protection to prevent hearing damage caused by high noise levels.
- Take care when handling as sharp edges can cause injuries.
- Only use the tool in accordance with the manufacturer's instructions.
- Ensure that the work surface is stable and well lit.
- Store safely out of the reach of children due to sharp edges.
- Wear suitable safety clothing to avoid skin injuries.
- If there are signs of damage, take the tool out of operation immediately.
- Risk of suffocation due to improper use of the flushing chisel.
- Cut injuries due to improper use and handling.
- Danger of eye injuries due to material flying off when working with the hammer drill.
- Risk of electric shock if electrical appliances are used improperly with the slotted chisel.
- Safety precautions when working near power lines.
