Safety Instructions:

- Take care during commissioning and use due to high clamping force up to 5000 N to avoid the risk of injury from crushing.
- Wear safety goggles to avoid injury from falling or ejected objects.
- Observe the instructions for use, especially for safe handling of the screw clamp.
- Keep the product out of the reach of children and do not use it near children to avoid the risk of injury.
- Only use the product for its intended purpose.
- Observe the safety information on the packaging.
- Ensure that the wooden handle is securely and firmly mounted to prevent it from slipping.
- When clamping workpieces, ensure that no body parts get between the workpiece and the clamp.
- Do not overload the screw clamp; do not exceed the maximum clamping force of 5000 N.
