Article Numbers: 401745, 401744, 401743, 401742, 401741, 401740, 401739, 401738

Safety Instructions:

- Do not overload the shelving unit. Note the load capacities: 750 kg, 500 kg, 300 kg for the total load capacity; 150 kg, 100 kg, 60 kg, 50 kg per shelf.
- Ensure that the shelving unit is placed on a stable, level surface to prevent it from tipping over.
- To avoid injuries, store heavy objects in the lower compartments; use suitable aids.
- Follow the installation instructions exactly; tighten all fittings firmly and use the recommended installation accessories.
- Shelf must be fixed to the wall to prevent the cupboard from tipping over.
- Not suitable for children under 3 years of age, do not allow children to play in the vicinity unsupervised.
- Watch out for sharp edges and corners to avoid injury.
- Check the product for damage before use; check the stability and integrity of the cabinet regularly.
- Do not block the ventilation holes; check the ventilation openings regularly to ensure good air circulation.
- Do not use in damp rooms to avoid corrosion; avoid contact with water or moisture.
- Only use the shelving unit for its intended purpose.
- Use suitable fastening materials during installation.
- Please read the operating instructions carefully before use.
