Safety Instructions:

- Maximum load capacity: 750 kg total, 150 kg per shelf, 500 kg total, 100 kg per shelf, do not exceed 250 kg per shelf.
- Fill shelves evenly and distribute heavy objects evenly to prevent them from tipping over.
- Place the shelving unit on a stable, level surface.
- Protect hands from sharp edges during assembly and use suitable tools.
- If necessary, secure the shelving unit with wall anchors to increase stability.
- Keep ventilation holes clear to prevent the formation of moisture.
- Do not place the shelving unit in damp environments or near heat sources to avoid rust and damage to the material.
- Keep the area around the shelving unit free of obstacles to minimise the risk of falling.
- Not intended for use by children and keep out of the reach of children.
- Follow the assembly instructions carefully to ensure the safety and stability of the shelf.
- Do not use the product for the storage of flammable materials or hazardous substances.
