Safety Instructions:

- Pay attention to the load capacity of the shelf (max. 1000 kg) to avoid overloading and damage.
- Protect the feet from injuries caused by heavy parts during assembly and use.
- Only use the shelf for its intended purpose and ensure that it is placed on a level surface.
- Keep the shelf away from sources of water to avoid moisture damage.
- Ensure that all fixings are properly tightened to ensure stability.
- Follow the protection and installation instructions carefully.
- The product is not suitable for children; protect children from potential dangers from the shelf.
- Watch out for injuries caused by improper handling or overloading - always observe the weight limits.
- Avoid uneven loading or tilt tests with unstable loads - load the shelves evenly.
- Ensure a stable floor surface to prevent accidents.
