Safety Instructions:

- Pay attention to hazardous liquids during installation and install carefully to avoid leaks.
- Ensure that the connection and the flange connection are installed correctly and securely to prevent damage and accidents.
- Carry out regular checks for material wear.
- Only use compatible accessories to minimise safety risks.
- Observe suitable environments for the product so as not to damage the material.
- Suitable for use in water and fuel systems, but pay attention to possible chemical incompatibilities.
- Always read and follow the instructions before use.
