Article Numbers: 306323, 306321, 306309, 306308, 306307

Safety Instructions:

- Before using the ladder, check it for damage and ensure that the rungs and connections are undamaged.
- Set up and use the ladder on a stable, level and non-slip surface.
- Do not climb above the maximum load capacity or height; observe the maximum load.
- When using the ladder, carefully read and follow the instructions for ascent and descent as well as the instructions for use.
- Avoid using the ladder in strong winds or rain.
- Do not use the ladder as scaffolding or a platform.
- Only allow one person to stand on the ladder at a time.
- Ensure the use of non-slip feet to prevent slipping.
- Do not use the conductors in the immediate vicinity of electrically charged objects.
- Have another person hold the ladder if additional safety is required.
- Use the conductors out of reach of electrical cables.
- Avoid excessive lateral movement during use.
- Do not set up near unprotected edges.
