Article Numbers: 306322, 306312, 306311, 306310

Safety Instructions:

- Follow the manufacturer's instructions and pay attention to the safety inspection and use of the ladder.
- The ladder may only be used on level and stable surfaces. Avoid use in bad weather and on wet surfaces.
- Do not use the ladder above the maximum working height and always pay attention to the maximum load.
- Check the ladder for damage and wear before each use and ensure that the rungs are clean and free from oil or dirt.
- Wear suitable personal protective equipment, such as helmets, and suitable shoes with non-slip socks.
- Ensure that the ladder is not set up near electrical cables.
- Hold the ladder with two hands when moving and use the correct technique when climbing up and down.
- Children and unauthorised persons should be kept away while the ladder is in use and children should not be left unattended near the ladder.
- Ensure that the ladder is correctly extended and locked and avoid overloading.
- Store the ladder safely after use to prevent damage.
