Safety Instructions:

- Check for stability and safety before use.
- Always use on a flat surface.
- Do not exceed the maximum load. (Observe the weight limit of 150 kg)
- Regularly check the non-slip step covering for damage.
- Avoid use in wet or icy conditions.
- Do not climb onto the top step if the staircase does not have a suitable handrail.
- Check for damage before use.
- Do not stand on the stairs when they are folded up.
- Ensure that the staircase is fully unfolded and locked before using it.
- Ensure a non-slip installation.
- Keep children and pets away from the stairs during use.
