Article Numbers: 306503, 306502, 306501, 306500, 306499, 306498

Safety Instructions:

- Risk of suffocation due to improper use or misuse of the helmet; always use with chin strap to ensure a secure fit.
- Ensure that the helmet is used in accordance with DIN EN 397; suitable for use in construction and industry.
- Suitable for temperatures down to -20°C; avoid use at temperatures above 50°C; take special care in extreme conditions.
- Replace the helmet after a severe impact or if it is visibly damaged; ensure regular inspection for damage.
- Check the helmet for damage and correct fit before use; the helmet is not complete protection against all hazards.
- Avoid contact with chemicals that could damage the helmet material and keep the helmet clean and dry.
- Not suitable for children under 14 years of age; for professional use only.
- Ensure correct ventilation to avoid heat build-up.
- Avoid use in potentially explosive atmospheres.
- Make sure that the safety helmet is correctly fitted to ensure optimum protection.
