Please note the technical data of the products!

Article Numbers: 707523, 707522, 707520, 707519, 707518, 707516, 707515, 707514, 707513, 707512, 707511, 707510, 707509, 707507, 707331, 707328, 707321, 707320, 707317, 707315, 707308, 707307, 707304, 707289, 707288, 707286, 707285, 707284, 707283, 707281, 707278, 707272, 707271, 707269

Safety Instructions:

- Read and observe the safety information before use.
- Wear safety goggles and hearing protection to avoid injury from chips or noise.
- Wear suitable personal protective equipment (e.g. safety goggles, gloves) during work.
- Use only for the intended purpose to avoid injury.
- Check the product for damage and only use it if it is in perfect condition.
- To avoid accidents, do not use or store the product near children.
- Do not use in the vicinity of flammable materials.
- Keep the foot and hand area free of tripping and slipping hazards to avoid accidents.
- Watch out for sharp edges during transport and storage.
- Suitable for processing materials with a strength of up to 1000 N/mm².
- Ensure that tools and workpieces are firmly clamped to prevent them from slipping.
- Only carry out work with suitable machines and tools.
- Only allow qualified personnel to use the product in order to minimise the risk of accidents.
- Secure the work area and keep it clean to reduce the risk of injury.
- Use only by adults or under adult supervision.
- Check the product for damage before use and carry out regular inspections.
- Keep hands and skin away from sharp edges and tips to avoid injury.
- Avoid using damaged tools or drill bits.
- Do not place your hands near rotating parts.
- Store the product in a dry, safe place to avoid accidents.
- Avoid contact with water or electrical sources to prevent electric shocks.
- If unsafe or damaged, discard immediately or consult a specialist.
