

# RENEWABLE ENERGY CERTIFICATE

Certificate No. 2024-2016-0003

We hereby confirm  
Schäfer Werke GmbH  
Pfannenbergr. 1  
in 57290 Neunkirchen

In cooperation with:

the purchase of 100% green electricity from renewable energy plants with statutory environmental standards.

The guarantees of origin are issued towards renewable energy plants which comply with statutory environmental standards whilst being connected to the European grid. Furthermore, they fulfill the criteria for KlimalInvest ÖKOSTROM by KlimalInvest Green Concepts GmbH.

Schäfer Werke GmbH achieves climate neutrality for the determined renewable electricity consumption of up to 1.483 MWh in the period from 1st of January 2024 to 31st of December 2024. The upstream emissions that arise, for example, from the construction of the plants, are offset by climate protection projects.

Compared to an electricity generation through energy sources constituting the German energy mix at the time of issuing this certificate, up to 560 tons of CO<sub>2</sub> emissions will be saved through purchasing and using renewable energy. In addition, estimated 15,3 tons of upstream emissions will be offset according to the product criteria catalogue.

The cancellation in accordance with § 30 Guarantees of Origin Implementing Ordinance (HkRNDV) is carried out and confirmed by the registry of the German Environment Agency.
